ERNEST T. TAYLOR,
HERBERT W. DAY,
JOSEPH L. GRAHAM,
Selectmen of Canaan.

A True Copy of Warrant—Attest:

ERNEST T. TAYLOR,
HERBERT W. DAY,
JOSEPH L. GRAHAM,
Selectmen of Canaan.

To The Citizens of Canaan:

In compiling this report, every effort has been made to make it easy to understand, and duplication of figures has been avoided as much as possible.

We end the year in sound financial shape, our tax collector is to be commended for the efficient manner in which he has conducted the affairs of his office, and our taxpayers for the conscientious way they have met their obligations. We have no debts to pay, and although the year 1943 is bound to be a problematical one, owing to war conditions, we should approach it optimistically and be ready to meet whatever demands may be made upon us for the successful prosecution of the war.

Our tax rate is fairly high, but not so in comparison with other Towns which maintain a High School, and we can be justly proud of the Boys and Girls who are graduating each year, and who will soon be carrying on in our places.

In considering appropriations this year it would

seem wise to consider that after the more or less fixed charges are taken care of, the extra taxes we will have to pay, will depend almost entirely upon how much service we demand, and here is where we have to decide on what really is essential service, and is strictly for the voters to decide.

In considering the report of our Fire Warden, we must admit that Lady Luck has been on our side as regards bad forest fires, but we are facing a year as bad if not in reality more dangerous this coming year owing to the vast acreage of new slash, and as we are sure to be handicapped for fire fighters, we should be more than ever careful no one is responsible for letting a fire get started.

Be sure you have a permit from the fire warden before you start a fire, (the law demands this when the ground is bare, and there is a stiff penalty,) and let's be sure none of us carelessly throw lighted matches or smokes where they can possibly do harm. This is **most important.**

Our thanks to the other Officers and the Townspeople for their help and splendid co-operation in meeting the many problems which necessarily arise.

Respectfully,

ERNEST T. TAYLOR,
HERBERT W. DAY,
JOSEPH L. GRAHAM,
Selectmen of Canaan.

Report of Forest Fire Warden

There is no field of endeavor where cooperation and compliance with law and regulation are more needed than that of forest fire control. The most effective and economical effort in this field of activity is that of prevention. The old adage "an ounce of prevention being worth a pound of cure" was never more aptly applied than to forest fire control.

The forest fire warden is, by law, the designated local leader in forest fire matters. He exercises his prerogatives and discharges his duties as such under the direction of the District Chief and the State Forester. There was never a time when the warden needed each citizen's good will and cooperation more than he does now. With manpower waning, fire prevention, through efficient preparation, care with fire and compliance with all laws and regulations become a vital duty of citizenship.

For years efforts have been made to improve the usual bad Spring and Fall fire record. It was not until this year, however, that this problem was to a great extent solved when permit burning was more rigidly restricted. Forest fire wardens were instructed not to issue permits except on rainy days and even then not to issue permits for burning in or near large slash or blow down areas. This plan worked out so well it has been decided to make it the established policy governing legal burning.

It is recommended that the small amount of $35.00 be made available for the purchase and keeping in repair small forest fire hand tools. These small tools can be obtained through the State Department at one-half the cost to the State.

During this critical period it is more than ever the part of good and prudent citizenship to remember

1. That permission to burn in or near woodland

or where fire may be communicated to woodland must be secured from the forest fire warden when the ground is not covered with snow.

2. To be careful when smoking in or near the woods and not to throw or drop lighted cigars, cigarettes or matches.

3. To notify your local warden promptly of any fire you see.

4. That fire prevention is the best and cheapest fire insurance.

5. To be fire-minded; be careful; be cooperative and thus help your warden prevent forest fires. **This is patriotism at work.**

The 1942 fire record for our town follows:

Number of fires or investigations, 14.

Area burned, 22.5 acres.

Number of permits issued, 67.

Further detail data available upon request.

GEORGE L. EGGLESTON,
Forest Fire Warden.
